Sonia, thank you providing Ecology's comments on WDFW's proposed North Beach Access Project located in Mason County. WDFW has already begun consultation with Mason County to ensure all county requirements are fulfilled, and I will be happy to coordinate with Mason County to facilitate a pre-hearing meeting with Ecology and Fish and Wildlife staffs.

I also appreciate receiving the appropriate Ecology contact information to assist us if have questions or need assistance in addressing critical environmental elements associated with the North Bay Access Project. Again thank you for your timely and helpful comments.
